The man whose children are not glad to see him when he comes home in the evening is not to be trusted any further than you can throw a barbary by the gate.

Cuba's joy over the ratification of the reciprocity treaty by the United States Senate is pathetically premature. The treaty must again go to the House before it becomes an accomplished agreement and there is no assurance that it will be satisfactory, as finally ratified. Under the most favorable conditions it will not become operative for a year. What the shrewd protectionists in the Senate have really done is to secure the delay for which they have driven from the beginning, leaving the ultimate fate of the treaty as uncertain as ever.

An Illinois woman married a man who was trying to marry her daughter. He has some consolation—he might have had her for a mother-in-law.

The way the Senate expedited business at the extra session would make it seem advisable that Congress be called to meet in extra session entirely hereafter.

Nothing makes a man feel that he is growing old like finding out for the first time that he can no longer "chin himself" on a horizontal bar.

There always will be men willing to give dollars to learn that the pea is not under the shell, but unwilling to give pennies to learn the riget.

MR. MORGAN'S POSSESSIONS.
Mr. J. Pierpont Morgan has been looking around in Cuba. As a result of his casting his eyes windward, he has apparently annexed the whole island.

It is now announced that Mr. J. Pierpont Morgan, representing the American Tobacco Company, has purchased the most valuable tobacco lands in Cuba.

This, however, was merely one of the incidents of Mr. Morgan's visit. Railroad construction in the Pearl of the Antilles has been booming for some time. Up to date, Canadian enterprise, represented by Sir John Van Horne, has been paramount in the work of projection. When it was found that a good many more millions were needed to complete the principal transportation lines, Mr. Pierpont Morgan's attention was called to the fact and very naturally he became interested. With Mr. Morgan, to become interested, means to act. Consequently he proceeded to Havana, to look over the ground. On his arrival at the Cuban Metropolis it was variously announced, on unimpeachable authority, that his purpose was to buy up all the transportation lines on the island, to float the Cuban loan of \$35,000,000; to purchase the combined tobacco interests; to syndicate the sugar syndicates, still retaining his sieve several other plots, of equal magnitude. In the interim the insatiable manipulator of millions took over the former residence of a Spanish grandee indulged in the delights of coconut milk and played solitaire.

Then Mr. Morgan, having arranged the destinies of Cuba to the satisfaction of the tobacco trust and the railroad trust, took the first train for Washington, where the necessity of an extra session of congress was duly impressed upon President Roosevelt, and it is known that, "Unofficially, the fact no longer is concealed that the visit of the great Wall street king and his careful, serious presentation of the situation in Cuba and in financial circles, during his house conference with the president yesterday, has had the deciding influence upon the chief executive's opinion. A special session of Congress will be called in the early fall."

Great are Mr. Morgan's possessions and they embrace Cuba, the United States government, President Roosevelt, congress—in short, the earth. The people are no longer in it, for J. Pierpont Morgan is it.—E. Town News.

FROM INDIAN TERRITORY.

HALDYN, MARCH 12, 1903.

EDITOR NEWS.—Please find enclosed One Dollar for which continue to send me the News. It is just like getting a letter from home.

We have been having a great deal of rain during the winter, and one heavy snow. Roads are almost impossible, however we are glad to get a good deal season in the winter for it invigorates and insures a good crop here in the West.

The Indian Territory is improving very fast, the country is being rapidly settled by whites and it won't be long until Poor Lo will be confined to his three hundred and twenty acres of land while white men will own the land all around and between. The land in this country is very productive and will be in the near future one of the leading agricultural States of the Union. Adair and Russell counties are well represented in this part of the country.

S. H. BREXTOAT.

Editor Smoot got quickly into the business of recommending candidates for Presidential appointments, and his zeal in this line seems not to have been affronting to the Chief Executive. Mr. Smoot is a very influential man in the Mormon Church, and has done a great deal in inducing other men to practice polygamy, but, while he does not actually have but one wife himself, he is in the full fellowship of the Administration establishment and the Senate. Since our generous toleration of the views and practices of the Sultan of Solips perhaps we could extend less gracious consideration to a man whose friendliness to harlots is only theoretical and "on principle."

JUDGE MULLIGAN'S FAMOUS POEM
"IN KENTUCKY"

GAMBLING AMONG GIRLS

There is nothing of the spirit of sensationalism in this poem. Mrs. Julia Ward Howe has to say on the subject of gambling among "sensible" girls. "It is calm and dispassionate and founded, as seems clear, on observations which Mrs. Howe's social position enables her to make for herself. That she has abundant opportunity for seeing the extent to which play may be carried every one knows, and, this, of course, lends weight to what she says and secures attention from a class which would treat with indifference such a statement from an "outsider."

Very human and very sweetly done. Mrs. Howe has her play for a change, on the assumption that few persons really are willing to acquire cruel gains through another's losses. When they do this, Mrs. Howe seems to imply, very diplomatically, it is through thoughtlessness, and all that such offenders against the "law of being kind" need is to realize the offense there is. With just a few realizations of this generous faith, public opinion will do the rest. Such gentle and wise reflections as those in which Mrs. Howe indulges, recognizing both sides and all sides of the question are more efficacious in the end it seems than onslaughts as those of Colonel Watterson.—Boston Transcript.

THE BEST FARMER.

Who is he, any way? Where is he—east, west, north or south?

The best farmer is the man who does all his work faithfully and upon honor.

He puts thought into everything he does.

He has a good word for everybody, even the man who beats him at his own business.

He cheers the world with a smile every where he goes.

He grows old slowly. He can do this because he never feels, never thinks mean thoughts, lives on the best of his farm produces and sleeps better than any king that ever sat upon a throne.

His boys and girls sing and whistle about their work. His wife is just as happy as he is. His boys say, "Glad to see you!" the moment he opens the door in the morning. His cows know that something good is in store for them when he comes into the barn.

And this man lives everywhere.

His sons and daughters sing and whistle about their work. His wife is just as happy as he is. His sons say, "Glad to see you!" the moment he opens the door in the morning. His cows know that something good is in store for them when he comes into the barn.

John W. Yerkes says that under no circumstances will he be a candidate for governor. Certainly not! The Commissioner of internal revenue is no boy. He knows when he has had enough and that a bird in the hand is worth several in the bush. Some fool like Debow may go up against the nomination, but wise republicans will give it the cold shoulder.—Lexington Democrat.

H. H. Henninger, of Wayne county whose anti-slavery record for State Treasurer was made many months ago, and who thousands of electors demonstrated he had won a place upon the next State ticket, has decided to withdraw from the race.—Somerset Journal.

Grover Cleveland is going on a journey through the Western States. He probably thinks it is about time to learn something about the country he used to preside over. While he was President it was said that he had never been further west than Buffalo.

John D. Rockefeller drew \$8,000,000 as his share of the Standard Oil Company's last quarterly dividend, while his brother, William, drew only \$2,000,000. But Bill has the best stomach.

Miss Eddie Bradshaw, who has been in the wholesale markets for over two weeks selecting Spring and a Summer millinery, returned home Saturday.

Rev. Rollo Triplett and wife, of Ellington, Mo., arrived in this place last week. They are returning visiting about a day or three, then they will depart for Bell Grade, Mont., Rev. Triplett having been transferred from the St. Louis Conference.

Mr. B. F. Russell, of Dunville, was in Columbia last Friday. He stated that Prof. Lucian Campbell's education in some respects had been sadly neglected, as he went to school after his father, who was an amateur on boulders, thinking that they were wild turkeys. Mr. Campbell is now a resident of Dunville.

Rev. Smith, of the Louisville Seminary, preached two interesting sermons in the Baptist church, this city, last Sunday. The church was well filled on both occasions and his sermons were well received. Mr. Smith, who is a member of the church who seeks a pastor, is a young man, a young minister, but goes deep into the subjects he discusses. From what we have heard it is highly probable that he will receive a call from the church here and continue his labors here. We hope Mr. Smith's Methodist training and the church's will take action at an early date.

Ed. J. Cole, pastor of the Christian church of Campbellsville and Lebanon, has been in our midst for several days. His address to the P. C. A. Sunday afternoon was edifying to all who heard him. He spoke on Sunday evening defining the difference between the true followers of Christ and the character relying on morality merely for salvation, was pointed and full of logic. On both occasions Mr. Cole was heard with great interest by those who would be glad to have him visit us often. We take pleasure in stating that Mr. Cole comes from one of the best families of Virginia and we congratulate the churches of Lebanon and Campbellsville in securing such a worthy young man whose noble purposes and talents must result in much good.

LOCAL JOTTINGS.

Coffey Bros. & Roberts sold one mule to Perry Hutcherson for \$10 and bought one for \$50.

Rev. Bolin Triplett filled the pulpit at the Methodist church last Sunday evening, preaching two interesting sermons.

An infant child of Mr. and Mrs. Lam Flowers fell out of bed Sunday night, cutting a severe gash in its head. A doctor was called.

Mr. J. H. D. Kellman came near losing his life by fire, but was discovered in time to save it by heroic measures.

Hon. H. C. Baker, Republican candidate for Circuit Judge in this district, requests us to announce that he will address the citizens of Casey county at Liberty next Monday at 6 o'clock in the afternoon.

Mr. J. Shreve Durham, of Greenburg, will address the Y. P. C. A. in its hall on the second Sunday at 3 p. m. in this city. Come and hear him.

We tender our sympathy to our old friend, Mr. Frank M. Bollinger, of Albany, who was bereft of his estimable wife Monday of last week.

The directory of the First National Bank, to be opened in Columbia, forwarded all the necessary documents to the Department at Washington last week.

A man named Blitzenman is attempting to ford the river at Greenbush last Saturday with a wagon loaded with poultry, got into deep water and lost all his chickens.

This paper will be represented at Liberty next Monday. People throughout Casey county who desire to transact business with the office will be given an opportunity.

Mr. W. L. Farris, who lives in the Case Valley predict, conveyed to his children, last week, for love and affection, 238 acres of land. The land is valued at several thousand dollars.

I have sold the 8 milch cows, and 200 hogs. It pays to advertise your stock in the News.

J. H. Smith.

Fout Hill, Ky.

Mr. George Staples, this city, met with a very painful accident one day last week. She was descending a stairway, and making a misstep, she fell, spraining an ankle. She is unable to walk and has suffered almost constantly.

Our post office was in Campbellsville two days of last week, finding the town in a state of great bustle, the business men up and going. The merchants were enjoying a good trade, and the banking institutions were offering no complaints.

Now is the time to clean up your premises. All the old buildings should be whitewashed and fresh lime scattered. It will be too late after the hot days set in. Time to remove the rubbish is when the air is cool and bracing.

The following tobacco sales were made in Louisville a few days ago: Seven bushels of McEntoy cake at \$1.15; eighteen bushels of Cumberland county cake at \$1.60 to \$4.05. Five bushels of Taylor county cake at \$6.00 to \$3.95.

We understand that the members of the Presbyterian Church and the members of the Cumberland Presbyterian Church have arranged with Rev. W. H. C. Sandridge, of the latter denomination, to preach to the two congregations in this city twice a month, the second and fourth Sunday.

Mr. James T. England, of Breeding, was in town Monday and told us of a wild steer captured a few days ago in a stable. Last year Mr. Kellman, who is a blacksmith, captured a wild deer which was given up as lost and dead.

A short time ago the steer was found wild and vicious. He was finally captured and put in a barn, but up to date shows no signs of taming down.

Mr. Wm. Neathery, of Russell county, was in Columbia last week and from what we could gather from his conversation he is inclined to locate in this city. Last year he located in a small town which he found to be a good place to live. He is seeking a good school for his children, and we hope he will soon have another great school and trusting that the electric road will be built in the near future, are strong inducements to locate in this town.

It will be remembered that several months ago a letter was sent out from Greenup, Green county, stating that a dozen or more men had been murdered and severely injured near that place. That letter was sent out at the time in order to set a man at rest. Green county authorities made a thorough examination recently, finding no truth in the statement.

Our Camp Knox correspondents state that seven of the jurors were in favor of acquitting Dr. D. Becker and that four more would have been had they understood the construction of the law.

The letter was sent out at the time in order to set a man at rest. Green county authorities made a thorough examination recently, finding no truth in the statement.

Mr. GEO. YATES DEAD.

The death of a man and especially the residents of Gradyville, were shocked last Sunday morning upon receiving the intelligence of the death of Mr. Geo. Yates which occurred at Bradfordsville Sunday night at 9 o'clock. The deceased was born, his life at Gradyville, the country. He was a man of the strictest integrity, and died without an enemy. He was a zealous member of the Baptist Church, and his walk through life was that of a Christian gentleman. He was a good husband and a good wife, one son, Mr. J. C. Yates, and two brothers, Messrs. W. W. and C. H. Yates. The funeral services and interment were at Bradfordsville yesterday afternoon. To those who are in sorrow this country is in sympathy.

WORSE COMMITES SUICIDE.

The Wabash Railroad, in a damage suit instituted by S. M. Sauvainette to recover the value of a horse which met his death on the Wabash track, sets a new record in damages. The suit was filed at Red Lexington, by Red Bird. Commissioner says he is one of the best in Kentucky. Pemberton Bros. of E. Town, bought two miles of Scott County for \$275, and a horse of Frank Shepherd \$65. Fred Myers bought a three-year-old colt of Erastus McKinley for \$10. At Myers' bought a 3-year-old mare in Campbellville, \$100.

Preston & Terry, of Glasgow, bought twenty-five miles of land last week at \$100 an acre, paying \$200 to \$150. They bought twice extra nice ones at Burkville at the same range of prices—Danville Advocate.

For the benefit of many who are under the impression that property is too high in Columbia for a safe profitable investment we desire to say that such is not the case. While property cannot be bought at prices yet the advantage has not kept pace with the brighter future the town has had. The securing of the Lindsey Wilson School, an institution endowed sufficiently to give it a safe and sure introduction to the patronage of those who seek an education, together with the numerous other advantages which will prove a great factor in making Columbia the educational center in Southern Kentucky. This school will not only advance the intelligence of this section but will increase its trade and bring in more wealth, real estate as well. The school will be worth many times what it will cost and offer inducements to many good families to move to Columbia to seek a good education for their children.

He is a good reporter and a good writer.

Mr. G. H. Nell, the up to date stock man and farmer, informed us that he was now running on his farm six tractors, four double shovels, and two harrows. Mr. Nell wants the public to know that he is no one horse farmer.

From the way our farmers are taking hold of work, it looks like we are going to have a good crop of corn made this season. We want Mr. J. C. Sharpe to save all the seed corn he has got.

Mr. J. C. Sharpe, of Greenburg, was sent by a attorney, and there was much speculation as to the result.

Finally the jury announced that it could not agree.

After their dismissal it was learned that they stood six for a judgment and six for the defendant.

Mrs. Margaret Dickerson, born in Sullivan, Ind., celebrated her one hundredth anniversary on the 24th of March. Her father was killed while a soldier in 1812. She observes Saturday for Sunday.

She is in perfect health and raises her little garden here on her own tobacco.

She states that she attributes her longevity to Providence alone.

All Were Baffled.

Word comes from Wake, Ark., that Rev. John J. Cox had a strange malady accompanied by yellow jaundice. For 12 years physicians were baffled and though everything known to the profession was used, the trouble remained. One day he began to use Electric Bitters and in a week, a change for the better came and, at length he was entirely cured. It's the most reliable medicine for liver and kidney trouble. Only 50¢ and guaranteed by all drugists.

BELLE PLAINE KANSAS.

Editor of the News:

I have just a pretty country home. I must tell you all about it. We live a mile South of our town, Belle Plaine, Kansas. We go to school every morning—my little sister, Eva, little brother, Sammie, are in school. We drive a little sorrel pony. Our father drives us up every morning as he goes to his store and drives us home every afternoon. We have quit school on account of my health. My grandmother is visiting with us now. She has been with us going on two years. She came before my dear mother's death. Our mother died last December a year ago, and oh, how we miss her. You little girls who have your mothers with you don't know how you would miss them until they are gone where there is no partings nor goodbyes, and where there is no loneliness. But our dear grandmother takes her place as well as she can. She does our sewing and is great company for us. We couldn't well keep house without her. I will give her name as some one may know her. She was Miss Mary C. Sauley. She was the second daughter of Charles H. Sauley, Burkville, Ky., and she married grandfather Stanton P. Coffey and he died and she married grandfather Reuben Payne and she is now a widow and her home is in Denmark, Ky. My aunt, Sattia Coffey Stegall, is visiting from Canada, Ind. Territory, and my married sister, Mrs. Rucker, from Cleburne, Texas, is here. My father is S. R. Price.

If I see this in your good paper I will write again soon if you will spare me space in your little folks column. My name is GEORGE ANNA PRICE, Age, 11 years.

P. S.—My father takes your paper and is real glad to get it.

Makes a Clean Sweep.

There's nothing like doing a thing thoroughly. Of all the Salves you ever heard of, Buckle's Arnica Salve is the best. It sweeps away and cures burns, sores, bruises, cuts, boils, ulcers, skin-eruptions and piles. It's only 25¢, and guaranteed to give satisfaction by all druggists.

A New Haven girl who can speak seventeen languages was married the other day. Well, perhaps the man in the case had never been married before.

That cough you have may well without treatment and it may not. Can you afford to take the chances when you know all serious lung troubles start from neglected cough? Better get a bottle of Dr. Clase's Cough Syrup and be on the safe side. Sold by M. Cravens.

OBITUARY.

On Saturday March 14, the grim reaper, Death, entered the home of Mrs. Isabelle Warner and claimed as its own the spirit of her only daughter, Miss Susie. For six weeks she had cheerfully and patiently submitted to the grasp of that fatal disease, stricture of the bowels. She was in her 28 year and had been a faithful member of the Baptist Church for 7 years. Susie was a devoted sister, a kind and obedient daughter. She leaves a broken hearted mother and two brothers to mourn her departure. A dark day will come to every home, but it should be a sweet trouble to this family in their hours of bereavement to give up to Him who doth all things well and who giveth his loved ones against any thing that would mar their happiness.

The funeral services were conducted by Bro. Nathan Murrill and the interment in the Bailey cemetery.

Stiff neck, pains in the shoulders of a disagreeable trouble; anyone is liable to have these ailments which are often produced from cold or exposure. The use of Dr. Clase's German Penetrating Liniment will give speedy relief. Sold by M. Cravens.

LET US HELP YOU FIND A HOME IN THE SOUTHWEST.

Along the Cotton Belt Route, where land can be bought for \$2. 85 an acre up—out over timber land that affords good range for live stock; rich bottom lands for corn, wheat, oats, cotton; uplands for fruits and vegetables; peaches, pears, plums, strawberries, tomatoes, potatoes, onions, melons—finding good markets and fancy prices in the North on account of excellent qualities and marketing ahead of other sections. A land where living is cheap—about \$7 to \$8 a thousand and, fuel for the cutting, range for the stock nearly the year round, garden truck for the table from March to December. The farmer who pays high rent in the North, or tills worn out soil in the East, is missing some of the best things of life by not securing a home in the Southwest.

Write for copies of our "Homes in the Southwest," "Glimpses of Southeast Missouri, Arkansas and Northwest Louisiana," Through Texas. With a Camera," Fortunes in Growing Fruits and Vegetables," "List of Real Estate Agents Along the Cotton Belt," "Developing the St. Francis Country," "The Diversified," a fruit and truck growers' journal.

On first and third Tuesdays of March and April, the Cotton Belt Route will serve one way tickets from St. Louis, St. Louis, Cairo and Memphis, to points in Arkansas, Louisiana, and Texas, at half the one-way rate, plus \$2.00 for round trip tickets at one fare for the round trip, plus \$2.00.

A PIANO AT A NOMINAL PRICE.
Chicago's largest music house, Lyon & Healy, announces a Clearing Sale of Pianos. This is owing to the fact that their warehouses are being entirely reduced. Several hundred splendid instruments are offered without reserve until all are sold. In this stock are a number of Steinways and Knabe pianos, and new and second hand pianos including instruments of the following known makes: Miller, Mason & Hamlin, Hazelton, McPhail, Steinberg, Huntington, Vose, Fischer, Webster, Chilcberg, etc., etc. In square pianos there are fine tuned instruments at \$25, \$40, and upwards. In upright pianos neat instruments at \$100, \$125, \$140, \$150, \$165, \$180, \$200 and upwards. In Baby Grand some nice specimens at \$250 and upwards. Nearly all these pianos were intended to sell for much more than these clearing sale prices. Lyon & Healy will send a list and full particulars upon application. Any piano not proving entirely satisfactory may be returned at their expense. Address Lyon & Healy, 1 Adams St. Chicago. Distance is no obstacle in taking advantage of this remarkable chance to obtain a piano, for in proportion to the saving to be made the freight charges are insignificant. If you do not already know Lyon & Healy by reputation any banker will assure you of their entire responsibility and record of forty years for honorable dealing. Write at your early convenience so as to avoid disappointment.

A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not always true. Dr. King's New Discovery for consumption is a sure cure for all lung and all throat troubles. Thousands can testify to that. Mrs. C. B. Van Meter of Shepherdstown, W. Va., says "I had a severe case of bronchitis and for a year tried everything I heard of, but got no relief. One brother of Dr. King's New Discovery then cured me absolutely. It's invaluable for croup, whooping cough, pneumonia, grip and consumption. Try it. It's guaranteed by all druggists. Trial bottles free. Regular sizes 50¢ and \$1.

Gen. D. White, vice president of the Bank of South Pennsylvania, was arrested on charges of embezzlement and other irregularities growing out of the collapse of the concern. The bank examiner charges that among the things listed by White as assets, was a note apparently drawn by White's sister, who died two years before the date. White, when arrested, characterized the affair as a "trivial" matter.

A Thoughtful Man.

M. M. Austin, of Winchester, Ind., knew what to do in the hours of trouble. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought and tried Dr. King's New Life Pill and she got relief at once and was rapidly cured. Only 50¢ at all drugists.

LOUISVILLE HERALD.

Word has just been received that the Louisville Herald is now daily paper, in order to extend the circulation of its weekly is giving \$5 free to every new subscriber.

The publishers of this paper, it seems, have made a deal, involving many thousands of dollars, with the N. D. Thompson Publishing Company, of St. Louis, whereby a year's subscription to the Journal of Agriculture, considered the leading farm paper since 1866, regular price \$1; the American Farmer's Horse Book, written by the distinguished Dr. Andrew Darling, containing 610 pages regular price \$2.75, and the weekly Herald for one year, price fifty cents, a total cost of \$425, may be obtained by sending to the publishers of The Herald \$1.25, either in stamps or money.

This is one of the most generous offers ever made by a Kentucky newspaper. It is not surprising, though, as the publishers have shown great enterprise in all directions. The Weekly Courier and its 26,000 copies, "List of Real Estate Agents Along the Cotton Belt," "Developing the St. Francis Country," "The Diversified," a fruit and truck growers' journal.
